Invitation Annual Symposium

Theme: “Personalized technologies for more healthy years”

Location: TechMed Centre, Drienerlolaan 5, building 18, University Twente Enschede

13-02-2020

Dear SPRINT-partners,

We cordially invite you to the annual Symposium of the Center of Research Expertise SPRINT on Thursday the 13th of February 2020, 10:30-17:30 hrs, Techmed Centre, University of Twente Enschede. You can register by sending an email to: g.p.v.tromp@umcg.nl.

The plans for SPRINT for 2020 will be announced and current SPRINT projects will be presented and demonstrated and brainstormings will be held on new product innovations.

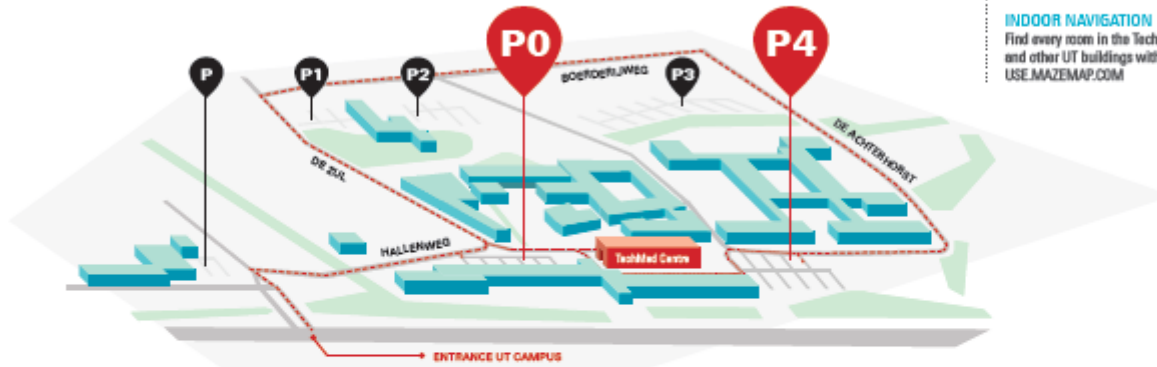

The program for this day is as follows:

- 10:30** ***Reception with coffee/tea (and demos from researchers and companies)***
- 11:00** ***Opening by Prof. Nico Verdonschot scientific director TechMed Centre UTwente***
The TechMed Centre is a centre for healthcare research, innovation and education with state-of-the-art facilities, such as research labs and simulated hospital environments
- 11:10** ***Annual overview by Prof. Bart Verkerke, UMCG/UTwente***
With among other things, more intensive cooperation between the UT and UMCG, (even) more attention to cooperation between university-companies and to the marketing of new products.
- 11.20** ***Developments within IMDI by Prof. Hans Rietman***
The latest developments about grant possibilities. And announcement of a big data conference, organized by IMDI.
- 11:30** ***Presentations of three companies:***
- Indes: creates, develops and markets innovative products for Health Care and Mobility
 - 2M Engineering: develops end-2-end certified medical devices and solutions
 - PS-MedTech: develops advanced 3D-technology for medical image analysis
- In addition, there is time for short (2min.) pitches from other companies
- 12:30** ***Lunch – with demos from researchers and companies***
- 13:30** ***Four presentations of PhD-students and post-docs on current projects***
- Chanmi Kim will present her project: Digital Nature: Creating a healing environment for preventing ICU delirium and enhancing patients' experience
 - Ruben Gouveia will present project: Pride & Prejudice: Chronic Disease Prevention through real-life monitoring and context-aware intervention design
 - Ali Sadeghi will present project: "BODYWARE", A New Perspective by Soft Robotics"
 - Gerdienke Prange will present project: Rehabilitation technology: more than a tool
- 14:30** ***Brainstorming-round on three problems/cases of companies: Lode, 8D-Games, PS-Medtech. Every problem or case concerns an idea for product innovation***
- 16:00** ***Results Brainstorming-rounds***
- 16:15** ***Drinks + possibility for a Techmed Centre tour***
- 17:30** ***End (start meeting Advisory Board and MT)***

Chairman of the day: prof. Geke Ludden

Map and location

TECHMED CENTRE

NAVIGATE AROUND CAMPUS
